# Let's Go to the Credit Union

---

*This book belongs to*

**I wanted a new video game, so  
I asked my parents.**

**But how was I going to get my game?  
"I think it's time to learn about money," my mom said.  
"Let's go to the credit union."**

**The credit union was in a big building.**  
**We walked up to the lady in charge of new accounts.**

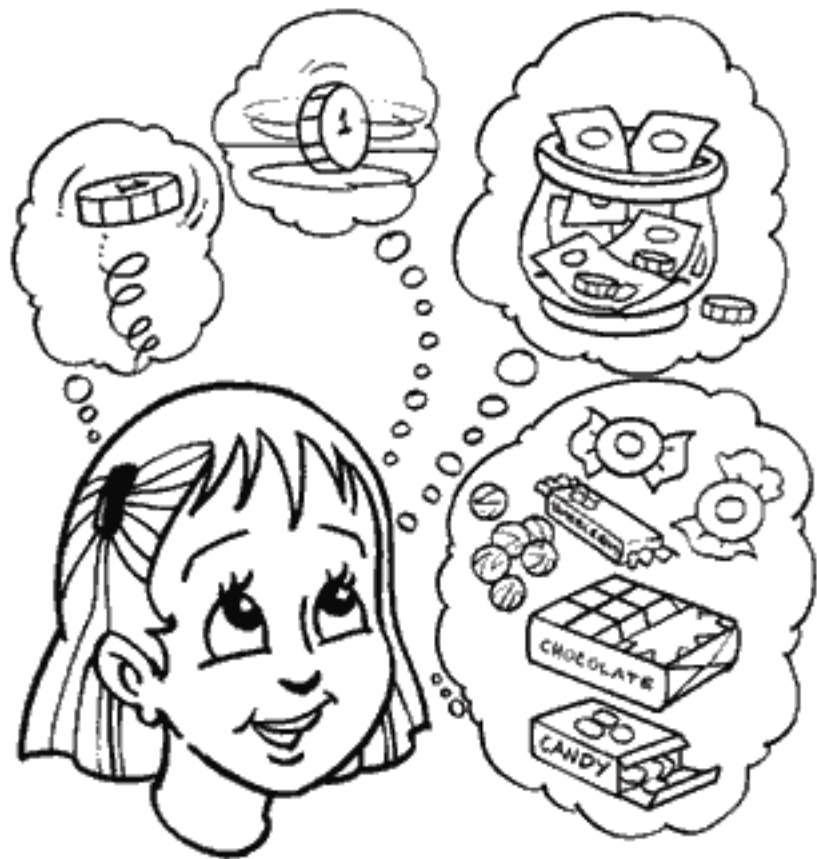

**"A savings account is when you put money in the credit union," the lady said.**

**"Like my piggy bank...?" I asked. "Better!" she said. "Our credit union pays you to keep your money here. It's called interest."**

**But I didn't want to put my money in the credit union. I like to play with it!**

**I like to spin my coins. And stack them and play heads or tails with them. And mostly, I like to spend them!**

**"Some people have a checking account," the new accounts lady said.**

**"You can also buy things with checks," she said, "and pay bills!"**

# **My mom told me that I am going to get an allowance.**

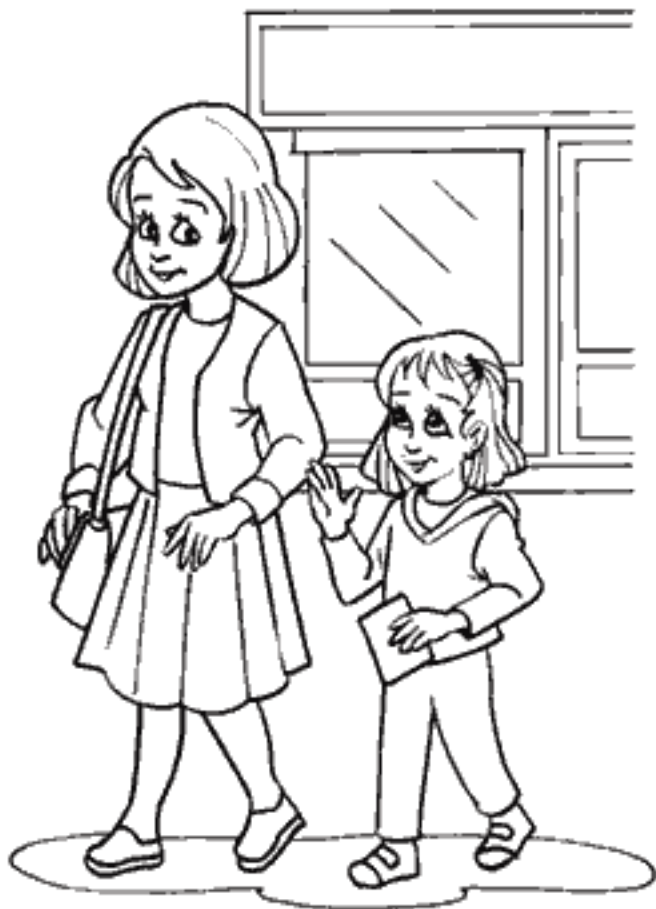

**Which means every week, I will get some money...**

**I can buy anything I want...like candy and toys and bubble gum and crayons and ice cream and...and...**

**My mom said, "You have to promise to save some of it in your new savings account!"**

**I'm glad I got to learn  
about money.**

**I'm excited about getting an allowance every week.**

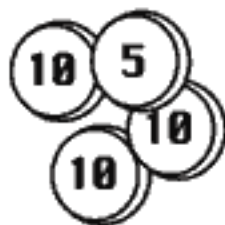

**And you always have to save  
for a rainy day.**

# MONEY MATCH

Draw a line from the coins to the piggy banks.  
Make sure the amounts match!
