Let's Go to the **DOCTOR**

This book belongs to

I had to go to the doctor for a checkup.

**My mom said I have to go to
make sure that I stay healthy and strong.
I decided to take Woofie with me.**

The doctor's office was filled with lots of kids like me.

The waiting room had toys, games, puzzles and books to read while you were waiting for the doctor.

WAITING IS FUN!

Let's color!

The nurse was nice. She called out my name and said I was next.

**I went into the examination room and I stood on the scale.
The nurse weighed and measured me and then
she also weighed Woofiel!**

**The doctor listened to my heart
with a stethoscope.**

**She checked my blood pressure and she also listened to
Woofie's heart. She poked my tummy to make sure
everything was where it was supposed to be.
That tickled a little.**

**The doctor looked in my ears, my eyes,
my throat and my nose.**

**My temperature was normal at ninety-eight point six degrees.
She also gave me an eye test.
I read all of the big and little teeny, tiny letters.**

"We just have to do your booster shot." "SHOT?" I said, grabbing Woofie. "I'm not sick. I don't want a shot."

"This shot is filled with awesome medicine that will keep you from getting sick," she said.

It was over so fast and I didn't have a chance to say OUCH!

**It's good to get a checkup at the doctor's office.
I found out Woofie and I are healthy.**

The doctor gave me stickers to take home.
