Keep Our World Beautiful

This book belongs to

**Did you know there are lots of things you
can do to keep our world beautiful?**

**My name is Bosley Bear and I'll tell you how doing
some small things can make a really big difference!**

Plant some flowers!

Flowers are soooooo pretty and they're fun to plant. Red and yellow, blue and purple - any color you can imagine can be found in a flower. Plus, they smell good, too.

**What's another good thing about flowers?
They attract birds and bees and butterflies, too.**

Grow some veggies!

**They're as pretty and colorful as flowers.
Besides, they taste good and are good for you, too!**

Birds are beautiful. I love to hear them sing.

Make them a birdhouse out of an old milk carton and some ice cream sticks. They'll love their new home.

To go with the birdhouse, make some bird feeders.

Coat pinecones with peanut butter and birdseed and hang them in the trees. The birds will love this tweety treat!

**Never, never, never throw trash on
the street! Littering is icky!**

**And if you see trash – pick it up and
throw it in a trash can.**

Remember to recycle.

Gather up cans, bottles and paper and put them in the recycling bin.

Plant a tree!

That's right – a tree! Planting a tree is a tomorrow thing to make our world beautiful.

**These things may seem small.
And they might take some time to see
the results – like planting a tree.**

**But they will make a difference and will
help make our world more beautiful!**
